Ythan Aid - Glitter Band to appear

THE ORGANISERS of the Ythan Aid rock extravaganza have just confirmed a major signing for their show on Raft Race Day (June 5).

The recently formed amalgam of two top bands from the 1970s will appear at the event.

They provoked wild hysteria when at their peak, and a spokesman for the organisers said he expected that their popularity would be repeated 20 years later due to the current interest in the 70s music scene.

The band will create a new image based on their previous fashion statements and will be known as Bay City Glitter Band.
